About cookies

A cookie is a small text file that is placed on your hard drive by a web page server. Cookies contain information that a web server can later read in the domain that issued the cookie to you.

Some cookies will only be in usage if you use certain features or select certain preferences, and some cookies are essential to the Website and will always be used.

According to legislation, we can store cookies on your device if they are strictly necessary for the operation of the Website. For all other types of cookies, we need your permission. You can change or withdraw your consent from the cookies we collect anytime.

Cookies usage

We use cookies and other technologies to ensure everyone using the Website has the best possible experience. For example, when you use our Website, we may place several cookies in your browser. We use these cookies:

- to enable us to hold session information as you navigate from page to page within the Website;

- to improve your experience;

- to track and analyze usage and other statistical information.

If you elect not to activate cookies or disable cookies later, you may still visit our Website, but your ability to use some features or areas of those offerings may be limited.

How to turn off cookies

You can generally activate or later deactivate the use of cookies through a functionality built into your web browser. If you want to disable cookies, then you can find instructions for managing your browser settings at these links: Internet Explorer, Firefox, Chrome, Opera, Microsoft Edge, Vivaldi, Safari, Brave.

If you want to learn more about cookies or how to control, disable, or delete them, please visit www.allaboutcookies.org for detailed guidance.

In addition, specific third-party advertising networks, including Google, permit users to opt out of or customize preferences associated with their Internet browsing. To learn more about this feature from Google, click here.
